Profile

A third-year BSCS undergraduate student with a keen interest in software development, problem-solving, and collaborative teamwork. Enjoys learning new concepts, exploring emerging technologies, and creating efficient solutions to real-world problems. Highly adaptable, curious, and motivated to grow through hands-on experience and continuous learning.

Education

Undergrad Bachelor of Science in Computer Science <i>Polytechnic University of the Philippines</i>	09/2023 – Present Manila, Philippines
Junior High and Senior High School <i>Perpetual Help College of Manila</i>	2017 – 2023 Manila-Philippines

Skills

- | | | | |
|------------------------|-------------------------|---------------------------|----------------------|
| • Communication Skills | • Technical Proficiency | • Problem Solvings Skills | • Patience & Empathy |
| • Active Listening | • Multitasking | • Adaptability | • Time Management |

Organisations

Google Developer Groups PUP <i>Logistics Associate</i> Contributed to the successful execution of developer-focused events by managing logistics, coordinating event materials, and supporting team operations.	2024 – Present Manila, Philippines
PUP AWS Cloud Club <i>Program Associate</i> Played a key role in delivering technical and educational programs by contributing to event planning, handling technical responsibilities, managing projects, and supporting documentation and media coverage as a cameraman.	10/2023 – Present Manila, Philippines

Certificates

Introduction to Python

Completed foundational training in Python programming, covering core syntax, data types, control structures, functions, and basic problem-solving techniques.

Intermediate Python

Built upon foundational Python skills with focus on functions, modules, error handling, file I/O, and writing more efficient, structured code.

Working with the OpenAI API

Learned how to integrate the OpenAI API into applications, including prompt design, API requests, response handling, and basic automation.

Prompt Engineering with the OpenAI API

Learned prompt engineering techniques to design effective prompts for the OpenAI API, improving response accuracy, relevance, and consistency.

Working with Hugging Face

Applied Hugging Face Transformers to implement NLP solutions, including tokenization, model inference, and basic fine-tuning workflows.

LLMOps Concepts

Explored LLMOps workflows covering deployment strategies, performance monitoring, prompt iteration, and operational best practices for LLM-based applications.

Developing AI Systems with the OpenAI API

Applied the OpenAI API to develop AI-driven systems, focusing on system design, prompt pipelines, and integrating intelligent features into applications.

Awards / Honors / Extracurricular

• Second year 2nd Sem President's Lister, GWA: 1.32	July 2025
• AWSCCPUP Hackathon Technical Volunteer	May 2025
• AWS Student Community Day 2025 Mega Manila Core Member	April 2025 – October 2025
• Next Hire Philippine Tech Career Fest Ambassador	Jan 2025 – Mar 2025
• AWSCC e:Novators Member	Jan 2025 - Present
• Second year 1 st Sem President's Lister, GWA: 1.14	January 2025
• Cisco NetConnect Pup – Manila AI & Data Science Cadet Member	Dec 2024 – Present
• TEDx 2024 Anchored in Tech: Lifestyle, Leadership, and Legacy Attendee	Nov 2024
• Google Developer Groups Web Development Team Project Analyst	Nov 2024 – Present
• AWS Cloud Club Skill Builder Program Department of Web Development	Oct 2024 - Present
• Junior Blockchain Education Consortium of the Philippines Programs Team	Oct 2024 – Present
• PUP The Programmers' Guild Codsyssey: The Pursuit of Programming and Creativity Attendee	Sept 2024
• First year 2nd Sem President's Lister, GWA: 1.21	July 2024
• Certificate of Completion AWS CodeQuest: 30 Days of Front-end Development	June 2024
• Certificate of Recognition AWS CC Student Community Day PH	April 2024
• PUP The Programmer's Guild Devskolar	April 2024 - Present
• Certificate of Participation AWS CC Student Re:Invent Re:Cap	Mar 2024
• Certificate of Appreciation Collabothon: Idea Jam for the Department. of Budget and Management	Feb 2024
• Certificate of Participation AWS Services Exploration	Feb 2024
• First year 1 st Sem President's Lister, GWA: 1.33	Jan 2024
• Certificate of Completion Git It Done: Git and Github Workshop	Jan 2024
• AWS CC Junior Front-end Developer	Nov 2023 - Present
• Google Developer Student Clubs Software Development Cadet	Oct 2023 - Present
• Grade 12 With High Honors – GWA: 96	April 2023
• Adventist Youth Church Leader	Jan 2023 – Present
• Grade 11 With High Honors – GWA: 95	May 2022
